

JOURNAL OF FOOD, AGRICULTURE & ENVIRONMENT

WFL Publisher
Science and Technology

www.world-food.net

Vol. 2, No. 1

ISSN: 1459-0255

January 2004

General Information

Aims and Scope: The Journal of Food, Agriculture & Environment publishes peer-reviewed original research, critical reviews and short communications on food science and technology, agriculture, animal science, human nutrition or human health, with particular emphasis on interdisciplinary studies that explore the intersection of food, agricultural, and the environmental. The journal also considers a limited number of relevant scholarly manuscripts addressing ethical or socio-economic issues related to modern agricultural and environmental sciences. The Journal offers advertisement space for special announcements.

Subscription: Orders are accepted on a prepaid and calendar-year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Please find subscription rates and ordering details in detachable form included in every issue of the Journal, or request from the editorial office: (email:Editorial@world-food.net).

Important Note: If you are not a member of ISFAE yet, please visit our homepage: <http://www.isfae.org> and register to benefit from special rates when purchasing scientific journal, plus online ISFAE magazine or taking part in ISFAE meetings. Kindly contact ISFAE Secretariat at: isfae@isfae.org

Abstracting: JFAE is abstracted in Chemical Abstracts -CAS, Apic abstract, under process with ISI, CABI etc.

Advertising: Inquiries and correspondence regarding advertisements or announcements should be sent to World Food Rd Ltd. Meri-Rastilantie 3 C, FIN-00980, Helsinki, Finland. Tel: +358 9 75 92 775 or +358 50 505 11 35, e-mail: info@world-food.net

Book Proposal: WFL Publisher invites scientists and experts to submit book proposal. We suggest that books are focused and of high-level (research and/or development level). For more details, contact WFL Publisher. (email: publisher@world-food.net).

Copyright: The articles published in this journal are protected by Copyright of World Food RD, WFL Publisher and the following terms and conditions apply to their use (<http://www.world-food.net/copyright.php>). All rights are reserved. **No part of this journal may be reproduced in any form without the written permission of the publisher.**

Online information: Table of contents, Abstracts, Advisory or Editorial Board listings, and Instructions to Authors regarding manuscript preparation or submission for publication can be accessed free of charge at www.world-food.net/scientjourn.php.

Authorization: To photocopy items for subscribers grant personal use of a specific client. This consent does not extend the copying for gen-

eral distribution, for advertising or promotional purposes, for creating new collective works or for other enquiries. In such cases, specific written permission must be obtained from the *WFL* publisher, Meri-Rastilantie 3 C, FIN-00980 Helsinki, Finland.

Derivative Works: Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions. Permission of the *WFL* Publisher is required for resale or distribution outside the institution. Permission of the *WFL* Publisher is required for all other derivative works, including compilations and translations.

Electronic Storage or Usage: Permission of the *WFL* Publisher is required to store or use electronically any material contained in this journal, including any article or part of an article. Except as outlined above, no part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without prior written permission of the *WFL* Publisher.

Notice: No responsibility is assumed by the World Food RD Ltd or the *WFL* Publisher or ISFAE for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas in the material herein. Although all advertising material is expected to conform to ethical standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

SUBSCRIPTION RATE

The Print and/or Online journal of Food, Agriculture & Environment (JFAE)

2004, Volume 2 (4 issues)

Print ISSN 1459-0255 / Online ISSN 1459-0263 .

One-year subscription rate includes print, and/or online journal. The subscription cost is low compared to many other International Journals. One-year membership of the scientific Journal of Food, Agriculture & Environment (JFAE) will give you access to the print and/or online version of the Journal. For one-year subscription, subscribers will get 4 issues of the Print journal and/or access to the Online journal services (subscriber can read and download full articles).

Subscribers should send us by **fax or by email or by air mail** the order. Payment should be made either by foreign payment (all charge should be paid by customers) or by Credit Cards such as visa or master cards. (We neither accept cheques nor bank drafts).
Only If you face serious problems in sending the payment, kindly contact us at: Publisher@world-food.net

	Developed countries	Developing countries
Institutional Rates		
Print Journal	€ 400	€ 250
Online Journal	€ 380	€ 200
Print Journal + Online Journal	€ 500	€ 350
Individual Rates		
Print and/or Online Journal	€ 195 / 120	€ 120/80

WFL Publisher is willing to assist some libraries or departments from some developing countries in case they cannot afford to pay the full subscription fees. *WFL* Publisher is willing to make few exceptions to waive the subscription fees. Kindly contact us at: Publisher@world-food.net.

***WFL* Publisher offers 50% reduction (to each subscriber) plus some free announcements or advertisements if you invite 5 or more libraries or departments or individuals to subscribe the journal (JFAE).**

This scientific journal is published by *WFL* Publisher in Helsinki, Finland.

ISFAE Executive Secretariat
 Meri-Rastilantie 3 C, 00980 Helsinki, Finland / email:isfae@isfae.org / web site: www.isfae.org

The International Society for Food, Agriculture and Environment–ISFAE- mission’s is to disseminate news and information and promote science, and technology. it provides consultant service to institutions, companies and organisations.

Aim of ISFAE : The aim of the ISFAE is to bring together scientists and professionals, to stimulate, and coordinate scientific or professional meetings, exhibitions and consultant service on an international scale.

Membership and benefits : ISFAE provides its members with a scholarly platform to share knowledge and information, develop information networks with colleagues who have similar interests and concerns. The main benefit of ISFAE membership is the receipt of its online journal ‘Agri-Food’ ‘Research &News’ as well as an access to an extra site ‘Reports &Thesis’ with a password supplied only after joining. Members of ISFAE who attend any scientific meeting held under the auspices of the ISFAE at reduced costs and receive conference proceeding or resulting books at discounted rates. ISFAE will arrange each year meetings on issues related to ‘Food, Agriculture or Environment’, and will provide opportunities for private and public firms, companies, industries or institutes to exhibition their products or materials at its conferences. If you have not joined the ISFAE, now is your opportunity to be updated on current events and news. The annual ISFAE subscription rate is symbolic, to cover the technical costs. The ISFAE invites head of institution, head of department or decision makers to plan local, regional or international meetings or exhibitions. The ISFAE will disseminate the information, invites participants, guides organizers and contributors, and take charge of resulting publication and distribution of the ‘Agri-Food & Environment’ proceeding series, or/and books. With the collaboration of WFL publisher we may plan a special JFAE number.

We will offer 50% reduction (to each participant) to purchase the proceeding or the special journal issue.

ISFAE online journal accepts: Popular articles, News and information about ongoing R&D projects, findings/achievements, methodology/technology used in laboratories or fields, newsletters, forthcoming specific courses/lectures, news on meeting, conference workshop, important seminar, training programs or exchange visits, opinions and views, nominations, summary of reports, thesis, events, meetings, instructions and recommendations to farmers/growers, job announcements and employment opportunities, advertisements. For more details please contact:isfae@isfae.org

Subscription Rate: Basic fee plus online journal Agri-Food “Research &News” ISSN: 1459-2029, 2003, Volume 1 (4-8 issues)+extra site ‘Report & Thesis’ and a free access to a Discussion Form.

There is 50% reduction in ISFAE membership if you invite 5 or more libraries or department or individuals to join ISFAE. Special rates for students and members from developing countries are considered.

	Institutions	Individuals	Students*
1.Europe; N.America, Australia	€ 120	€ 60	€ 30
Japan, Korea, Gulf State, N. Zealand, S.Africa			
2. Rest of the world	€ 60	€ 40	€ 20

Students*: Identification is needed when subscribing (to be send by air mail with the signed application form and payment documents).

ISFAE membership application : Fill out all fields in BLOCK PRINT and PLEASE make sure to include the payment or signed copy of the payment to the ISFAE-Executive Secretariat along with this application and return to: ISFAE-Executive Secretariat, Meri-Rastilantie 3 C, 00980 Helsinki, Finland.

We Welcome Sponsors and Donations

A Message From the Executive Committee

Welcome to the International Society of Food, Agriculture and Environment (ISFAE). The value of a professional society such as ours is primarily in the networking opportunities it can provide. Successful networking requires active participation by the members and leadership in organizing networking/interactive events. Since ISFAE is a newly established multidisciplinary society, its success fully depends on our ability to attract and retain members.

The Executive Secretariat of ISFAE, led by an *Executive Committee and a Secretary General*, which has already created core structures that provide a solid foundation for the Society to flourish and bring members from different corners of the world under its umbrella in the future. The Society now has an impressive web presence (www.isfae.org) and its own scientific journal (the Journal of Food, Agriculture & Environment) as well as a popular Online journal Agri-Food ‘‘*Research & News*’’ plus a Forum for discussion (Register For Free). We also provide consultant service to farmers/growers, institutions or companies.

To make the ISFAE strong and popular, and give the momentum it deserves, all of us ought to participate in some of the following ways:

- Providing leadership in arranging self-funded local, national and international conferences, symposia, workshops, lectures and/or exhibitions under the auspices of ISFAE.
- Contributing quality manuscripts to our Scientific Journal JFAE (<http://www.isfae.org/scientjourn.php>) or (Popular Online Journal <http://www.isfae.org/isfaemail.php>) and encouraging others to do so.
- Promoting ISFAE as a whole, and its different sections, Food, Agriculture and Environment, at conferences, lectures, relevant magazines, journals, network or news papers and within your institutions or associations, to encourage growth in membership.

We appreciate if you can make interviews in local magazines or journals to inform about the importance of ISFAE and the need of the journal. For more details, kindly contact us at isfae@isfae.org

Contact: ISFAE - Secretariat ,
Meri-Rastilantie 3C , FIN-00980 Helsinki Finland.
Email:isfae@isfae.org / Tel/Fax: +358 9 75 92 775

The promotion of ISFAE is important for all of us. Therefore, we ask that we all consider disseminating the contents of this message through our institutional networks, relevant magazines and journals, or other working groups or professional associations in which you participate. Please communicate with the Secretariat with suggestions on topical issues that could be the focus of possible future conferences and be prepared to play a leading role in managing such events.

We look forward to your full support and strong leadership in achieving a vibrant performance for our Society in the days ahead.

*The Secretary General & The Executive Committee
Society of Food, Agriculture and Environment
-ISFAE-*

Membership fees in ISFAE is reduced by 50 percents if you invite 5 or more libraries or departments or individuals to join ISFAE. Kindly contact us at: isfae@isfae.org

Research on Food and Agriculture is progressively moving towards an interdisciplinary study of sustainable food production to meet the demand of growing human populations. However, as more countries industrialize, there is an increase in air and water pollution, soil contamination, as well as elevated levels of global warming and depletion of the ozone layer. This complex scenario challenges researchers to develop and test more appropriate technologies for sustainable agriculture. Research, for example, is being carried out to overcome problems of environmental stress, minimize the use of pesticides, slow post-harvest storage losses, and explore nutrition, animal science and human nutrition or human health, by using conventional and new technologies such as biotechnology, mutation-assisted breeding and molecular biology.

The Journal of Food, Agriculture, and Environment (JFAE) is dedicated to meeting the need for a new journal that can encompass this wide range of topics and interdisciplinary approaches. JFAE will publish (in print and on-line versions) peer-reviewed original research, protocols, critical reviews or short communications in food science and technology, and agriculture or environment, with particular emphasis on interdisciplinary studies on food, human nutrition, agricultural, animal science or/and environment. For advice or more information, please contact the editorial Office.

The members of the International Society of Food, Agriculture and Environment - ISFAE will receive JFAE at the reduced rate. For more, kindly visit our website: www.isfae.org or contact the ISFAE- Secretariat.

Ramdane Dris PhD.

JFAE: You are cordially invited to contribute to our new journal manuscripts on original research work or critical reviews in food science, human nutrition, agriculture or environment. The journal also considers manuscripts on biotechnology, ethical and socioeconomic issues related to modern agricultural and environmental sciences.

This journal accepts summary of meetings, thesis, scientific reports, ongoing projects, job offer, advertisements or announcements.

ISFAE: The ISFAE invites heads of institutions, heads of departments or decision makers to plan local, regional or international scientific meetings or exhibitions. The ISFAE will disseminate the information, invites participants, guides organizers and contributors, and take charge of resulting publication. For more details email to: isfae@isfae.org

WFL Publisher offers 50% reduction (to each subscriber) plus some free announcements or advertisements if you invite 5 or more libraries or departments or individuals to subscribe the journal JFAE. Kindly contact us at: Publisher@world-food.net.
